

July 2014

Loop 303 Outfall Drainage System (Woodlands Avenue to the Gila River) CONSTRUCTION NOTICE

24-Hour Construction Hotline: (602) 264-6416

Road Closure Advisory Yuma Road: Citrus Road to Cotton Lane 7/16/14 through 8/8/14

Beginning at 6 a.m., Wednesday, July 16, 2014, the Flood Control District of Maricopa County (District) contractor will close Yuma Road between Citrus Road and Cotton Lane to install a concrete drainage box culvert. During this time, Citrus Road and Cotton Lane will remain open. Lower Buckeye Road, Van Buren Street, Citrus Road or Cotton Lane may be used as an alternate route. Yuma Road will reopen by 6 p.m., Friday, August 8, 2014.

Thank you for your patience and cooperation during this improvement effort.

About the Project

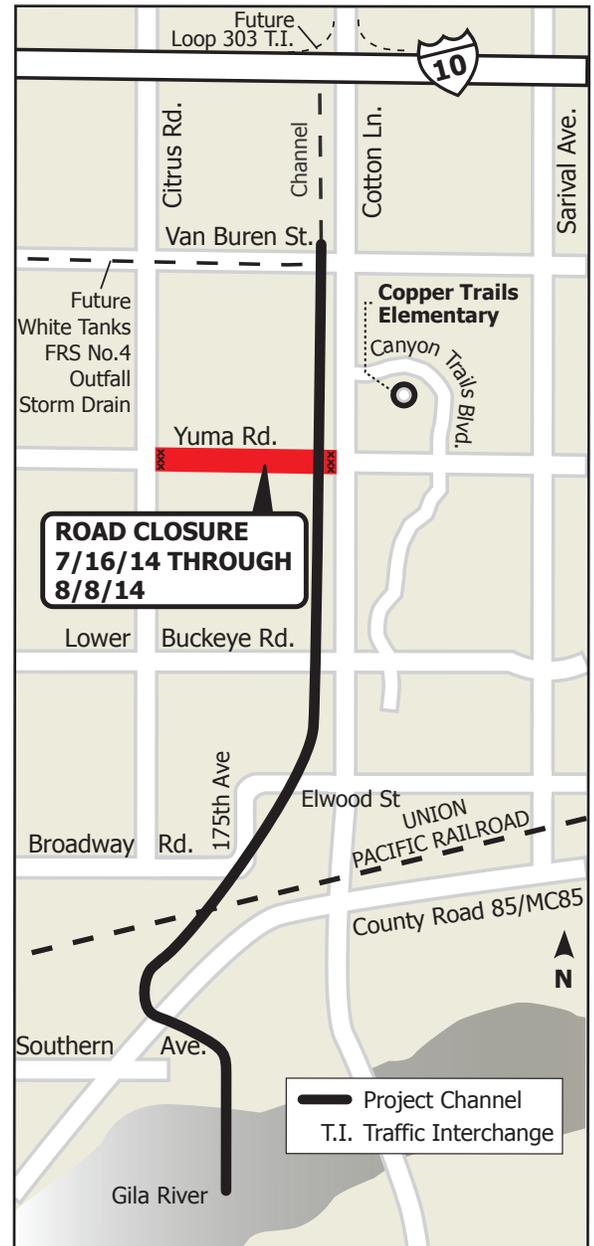

The District awarded a contract to FNF Construction, Inc. to construct the Loop 303 Outfall Drainage System. The new outfall drainage system will collect and carry stormwater runoff to the Gila River and reduce the chance of property damage and flooding to the future freeway and adjacent areas during a major storm event. Drainage improvements include construction of a concrete-lined channel, box culverts, storm drain pipe, retaining walls and landscaping. Additional improvements include street and irrigation system reconstruction for the Roosevelt Irrigation District (RID) and Buckeye Water Conservation and Drainage District (BWCCD). The project is slated for completion in fall 2015.

For More Information

If you have questions or would like more information about the improvement effort, please call the 24-hour construction hotline at (602) 264-6416. We are happy to answer your questions and assist you in any way we can.
