# Loop 303 Outfall Drainage System (Woodlands Avenue to the Gila River) CONSTRUCTION NOTICE

**24-Hour Construction Hotline: (602) 264-6416**

## Traffic Restrictions Planned

### Van Buren Street:

### Citrus Road to Cotton Lane

**8/11/14 through 8/17/14**

Monday, August 11 through Sunday, August 17, 2014, the Flood Control District of Maricopa County (District) contractor will restrict traffic to one lane in each direction on Van Buren Street between Citrus Road and Cotton Lane to install a concrete drainage box culvert. Access will be maintained for residents, businesses and emergency vehicles at all times; however, expect traffic delays and allow extra time to drive through the work area. Please obey construction barricades, signs and flag persons when driving through the construction zone.

## Road Closure Advisory

### Van Buren Street:

### Citrus Road to Cotton Lane

**8/18/14 through 9/5/14**

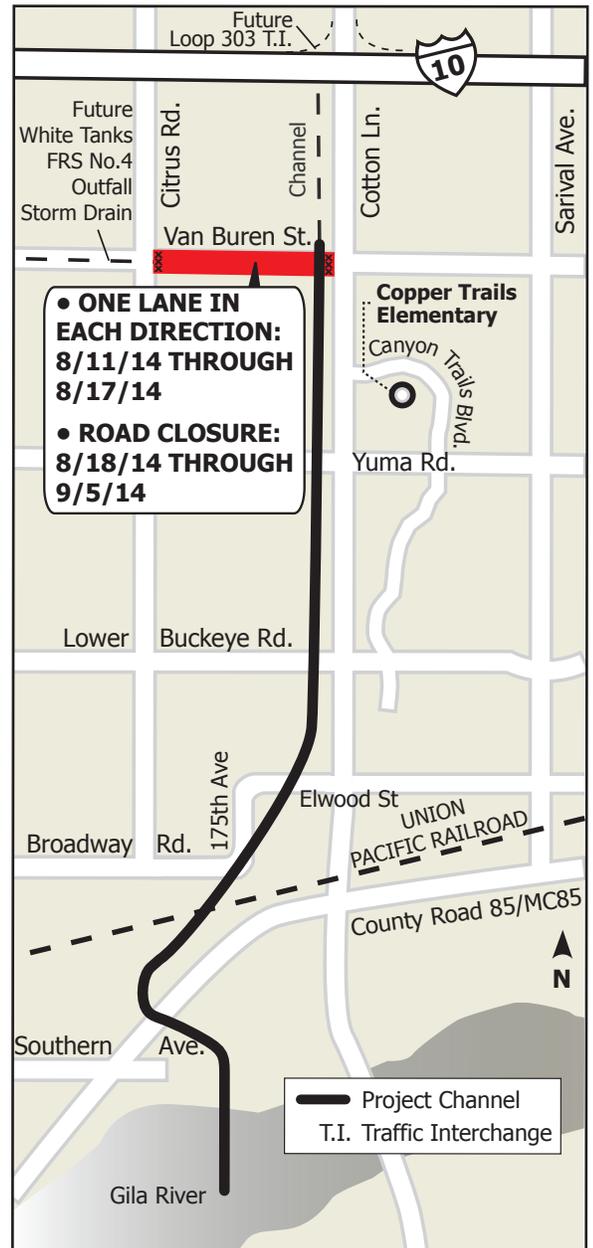

Beginning at 6 a.m., Monday, August 18, 2014, the District contractor will close Van Buren Street between Citrus Road and Cotton Lane to complete the box culvert installation. During this time, Citrus Road and Cotton Lane will remain open. Yuma Road, Citrus Road or Cotton Lane may be used as an alternate route. Van Buren Street will reopen by 6 p.m., Friday, September 5, 2014.

Thank you for your patience and cooperation during this improvement effort.

## About the Project

The District awarded a contract to FNF Construction, Inc. to construct the Loop 303 Outfall Drainage System. The new outfall drainage system will collect and carry stormwater runoff to the Gila River and reduce the chance of property damage and flooding to the future freeway and adjacent areas during a major storm event. Drainage improvements include construction of a concrete-lined channel, box culverts, storm drain pipe, retaining walls and landscaping. Additional improvements include street and irrigation system reconstruction for the Roosevelt Irrigation District (RID) and Buckeye Water Conservation and Drainage District (BWCCD). The project is slated for completion in fall 2015.
